

JOB PROFILE

POSITION: Elementary Bilingual Mathematics Teacher

JOB LOCATION: Beijing (SLT Campus)

REPORTS TO: Elementary School Principal

Responsibilities and Duties

Using Daystar's Planning Framework, our teachers:

- Plan scaffolded and differentiated learning experiences aligned with clear standards-based outcomes
- Utilize varied and effective instructional and assessment strategies, including structured and guided inquiry approaches and problem-based learning, to engage all students in rigorous, meaningful, and authentic learning
- Utilize standards-aligned formative and summative assessment data to inform instructional planning and delivery
- Engage in reflective practice and professional development aimed at improving classroom practice
- Collaboratively plan with Chinese and English colleagues within and across disciplines

Beyond classroom academic instruction, our teachers:

- Create a safe and supportive classroom environment that encourages critical and creative thinking
- Communicate effectively with all Daystar community stakeholders, including students, parents, colleagues, and administrators
- Support whole-child development as homeroom advisors and/or projects supervisors
- Collaboratively plan and participate in co-curricular activities and events
- Other duties, as assigned by the Elementary School Principal

Qualifications & Requirements

- Minimum of a bachelor's degree is required
- Fully qualified teacher status
- A strong knowledge of differentiation strategies
- Successful experience as a Math teacher in a PYP classroom
- Fluent in communicating in English and Mandarin (required)
- Open-minded, enthusiastic, and demonstrates a willingness to embrace a unique, multicultural school culture
